

LEAD & COPPER RULE MONITORING AND REPORTING VIOLATION  
MANDATORY LANGUAGE - TIER III

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER**

CITY OF WOLFE CITY PWS 1160005 has violated the monitoring and reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Chapter 30, Section 290, Subchapter F. Even though these were not emergencies, as our customers, you have the right to know what happened and what we are doing (or did) to correct these situations.

*We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During (52) 2022; 3YR2021, we did not monitor or test for Lead & Copper and therefore cannot be sure of the quality of your drinking water during that time.*

The table below lists the contaminant(s) we did not properly test for during the last year, how often we are supposed to sample for [these contaminants], how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which the follow-up samples were taken.

Contaminant	Required sampling frequency	Number of samples taken	When samples should have been taken	When samples <u>were</u> taken
<i>Lead and Copper Sample Tap 2022</i>	<i>10 / annually</i>	<i>0</i>	<i>June 1, 2022 - Sept 30, 2022</i>	<i>Date: 12/8/23; 12/9/23; 12/10/23</i>
<i>Lead and Copper Sample Tap 3YR2021</i>	<i>10 / triennially</i>	<i>0</i>	<i>June 1, 2021 - Sept 30, 2021</i>	<i>Date: 12/8/23; 12/9/23; 12/10/23</i>

**What is being done?**

Lead & Copper sample containers were delivered to approved sample sites on 12/8/23, 12/9/23 & 12/10/23 and collected samples picked up on 12/9/23, 12/10/23 & 12/11/23.

Samples were shipped via FedEx on 12/11/23 to TCEQ approved certified labs. The labs are their own separate agency. We are awaiting the results to send them to TCEQ so our violations can return to compliance.

We are working to correct the problem. For more information, please contact
