

**\*\*\*\*ATTENTION\*\*\*\***

**PUBLIC NOTICE: WATER CONSERVATION REQUIRED**

**City of Wolfe City**

**Date: 4/20/2026**

Due to an unexpected failure of the main water pump serving the City's primary well, the City of Wolfe City is currently experiencing limited water production capacity.

Effective immediately,

ALL residents and businesses are **required to conserve water** until further notice.

This is necessary to ensure that adequate water supply remains available for essential needs such as drinking, cooking, sanitation, and emergency services.

**The following conservation measures are strongly requested:**

- Limit water use to essential purposes only
- Avoid outdoor watering (lawns, gardens, washing vehicles, etc.)
- Delay laundry and dishwashing when possible
- Turn off faucets when not in use and repair any leaks promptly

City crews are actively working to repair the pump and restore normal service as quickly as possible. We will provide updates as more information becomes available.

We appreciate your cooperation and understanding during this time.

For questions or additional information, please contact

City Hall at (903)496-2251

**Thank you for your cooperation.**
